There was considerable of an effort at the late West Virginia M. E. Conference o send Rev. Mr. Hite (assigned at last to Chapline Street, this city) to Charleston, Kanawha county. He is good at raising money to pay off church debts, having approved himself in that line while in charge of the Zane Street Church. But it was adjudged at the last that two such laborious experiences should not be put upon the same man in succession. The Charleston church is said to be greatly in need of a pastor who is gifted as a solicitor, as it is behind financially. .

Tun Wolfe movement in Pennsylvania B is beginning to assume proportions that c alarm the managers of the machine. The Council of the National Republican League of Philadelphia has issued an address call-ing upon Republican voters to support Mr. Wolfe, in which the danger from the "boss" system-not only to Pennsylvania but to the whole country—is very clearly stated. The address points out that for years the control of parties has fallen more and more | Cent. O. Div. into the hands of "bosses;" that the larger W., P. & B. Div cities are almost all in the hands of some Ciev. & Pitts... one or more of them; that many State govgrownts are run by them, and the national evernment is in constant danger from

The table is valuable, as the figures cannot be found as yet in all the books of statistics. In round numbers the population of Great Britain is 35,000,000. The above table gives the figures for Saxony and Prussia separately, but they are also included in the total for the German Empire. The slow growth of Hungary, which has a smaller ratio of increase even than France, is attributed to race prejudices

and the emigration resulting therefrom. The population of the Hungarian countries, it is said, has actually declined. But the capital city, Pesth, has grown 35 per cent. in eleven years, and is now as large as Boston. Hungary as a whole, has increased only from 15,416,000 to 15,610,000, which is remaining about stationary.
